“I Held My Breath Waiting For It To Happen...”

Clinton Howard

Men and women of all ages are reporting incredible transformations in their skin after using RBC's new Cellution 7 Age Defying Skin Care, which was recently unveiled at the January Leadership Conference. Amazing testimonials are pouring in. Here is one example...

“In the past few years, my skin has become extremely sensitive. Every product I tried caused my skin to turn bright red and sometimes itchy and painful. I tried department store products, party plan products, “hypoallergenic” formulas and products recommended by my dermatologist. They all caused redness and irritation.

Finally, my doctor said that there was nothing else he could do, and he suggested I use as little product on my face as possible. That seemed to be the only answer, but every time I tried to go without a skin care regimen my face looked dull and dry with rapidly accumulating fine lines. I didn't know what to do until RBC introduced the **Cellution 7 Age Defying Collection**.

Knowing that I had great results with RBC supplements, I decided to buy the new C7 line. But the products sat on my bathroom counter for 3 days before I had the courage to use them. Finally, I tried the **Deep Cleansing Foam** – WOW – my skin had never felt so clean! I was impressed.

Next, I used the **Nourishing Serum** and waited for my face to turn beet red...but it didn't. There was no reaction...no red skin.

Then I tried the **Age Defying Moisturizer** and **I held my breath waiting for it to happen**. Surely that would push my skin over the edge and I would see the usual redness...again, no reaction. In fact, my skin looked fantastic! All day I kept glancing in the mirror to see if I had a delayed reaction, but every time I just smiled because my skin looked more even toned than it had in years.

I went the whole day without make-up because I didn't want to do anything to change the way my skin felt. I have really enjoyed seeing the change in my face. I actually like what I see in the mirror now! Thank you RBC for creating C7 skin care products that are incredibly effective yet gentle enough for people like me.”

~ Carolyn Marocco, N.D.

Why is every one so excited about the new Cellution 7 Age Defying skin care?

It is easy to get excited about products that really work. In creating **Cellution 7**, we reviewed worldwide research and selected anti-aging ingredients developed by skin scientists that were proven in human clinical

studies to **reduce fine lines, wrinkles, age spots, and puffiness around the eyes**.

The C7 system starts with the **Deep Cleansing Foam**. It thoroughly removes make-up and impurities while leaving the skin smooth and hydrated. In the past, you had to choose between a gentle cleanser that wouldn't dry or irritate your skin, but left traces of make-up, or an abrasive cleanser that cleaned but damaged the elasticity of your skin. Not anymore! RBC scientists have created the perfect blend of cleansing agents and nourishing ingredients to give you radiantly clean skin that is smooth, soft and refreshed.

All other C7 products are also gentle and effective. You can tell from comments by customers like this one:

“I've never found another moisturizer that does that!”

“I've had such amazing results using just five of the C7 products that I know I made a big mistake by not purchasing the entire C7 Collection initially. First, I would have saved money and I would have been further along in this incredible **revitalizing process**.

“One of my favorite products in the C7 Line is the **Age Defying Moisturizer**” which keeps my skin moist until bedtime - I've never found another moisturizer that does that! I've used these products about 10 days now and my skin looks and feels healthier and younger than it has in years. My mirror is beginning to smile back at me! What fun!”

~ Kathy Grauerholz

Now you can enjoy the finest skin care of your life. You can also make new friends and happy customers by sharing your personal testimony with them. Once they try it they will never want to be without it. Start by discovering for yourself what the two ladies above have found along with hundreds of others. Order the C7 Age Defying Collection today!
